

2012 Pricing Information

Euclid Prime is a collection of high-impact, peer-reviewed titles in theoretical and applied mathematics and statistics. It is hosted by Project Euclid, the recipient of the 2011 [Division Award](#) from the Physics-Astronomy-Mathematics division of the Special Libraries Association. The 2012 collection includes current content from 30 titles.

Features of the Collection Include

- perpetual access to purchased current content
- term access to all available archival content
- links from each article to MathSciNet (Math Reviews), Zentralblatt MATH, and CrossRef
- full-text searches across the entire collection
- COUNTER- and SUSHI-compliant usage statistics
- interoperability through the Open Archives Initiative
- MathJax display engine for clearly rendered formulas and symbols in all Web browsers
- library subscription management tool
