About GLQ: A Journal of Lesbian and Gay Studies

Providing a much-needed forum for interdisciplinary discussion, *GLQ* publishes scholarship, criticism, and commentary in areas as diverse as law, science studies, religion, political science, and literary studies. Its aim is to offer queer perspectives on all issues touching on sex and sexuality. To achieve the widest possible historical, geographic, and cultural scope, *GLQ* particularly seeks out new research into historical periods before the twentieth century, into non-Anglophone cultures, and into the experience of those who have been marginalized by race, ethnicity, age, social class, body morphology, or sexual practice.
