DMJ 100

Duke University Press is pleased to introduce *Duke Mathematical Journal: Volumes 1-100* in a fully searchable format. This project offers electronic access to the 4,830 articles published from 1935 to 1999.

There are three pricing models:

- 1. Subscription**—A customer may order a subscription to the *DMJ 100* collection. Currently the price is \$250 for one year of access.
- 2. Outright purchase without maintenance**—A customer may purchase *DMJ 100* outright. Currently the price is \$4,000. If customers choose this option, we will provide them with a DVD or CD, and they are responsible for hosting the content locally. (Please note that, with this option, libraries will not benefit from any upgrades undertaken after the purchase date.)
- 3. Outright purchase with maintenance**—A customer may purchase *DMJ 100* outright for \$4,000 and pay an additional access/maintenance

fee of \$1,000. In this case, Duke will provide electronic access (currently via Project Euclid) through 2024. With this option, libraries will have continuous access to the latest version of the back files, which we expect to upgrade over time.

Libraries may not receive a refund of the access/maintenance fee if they decide at any point within the access period to host the content themselves.

DMJ 100 is available online through Project Euclid. Please see www.dukeupress.edu/dmj for more details.

Please note that the 2.5% agent discount does apply to all three *DMJ 100* pricing models.

Please contact a customer service representative for more details, or e-mail dmj100purchase@dukeupress.edu.
