Published since its inception in 1935 by Duke University Press, the Duke Mathematical Journal (DMJ) is one of the world’s most highly regarded journals in mathematics. DMJ has a five-year impact factor of 2.337 and a cited half-life of >10, the highest score given in this category. DMJ is available only through direct subscription and is not included in any collection or aggregation.

Features
- hosted on the Project Euclid platform
- full-text PDF article searches
- issue-level metadata, including links from each article to MathSciNet and zbMATH
- Mathematics Subject Classifications for each article back to 1940
- MathJax display engine for formulas and symbols
- COUNTER-compliant usage statistics
